I Corporate Governance of the Bank

Basic principles

The Bank is committed to strengthening and enhancing the corporate governance based on our corporate principles and management vision, in order to achieve a sound and sustainable growth and a medium- to long-term improvement of the corporate value, while considering profits of all stakeholders related to the Bank including the shareholders, customers, regional society, and employees.

1. The Bank strives to establish an appropriate corporate governance framework while the Board of Directors, the Audit and Supervisory Committee, and Directors recognize the fiduciary responsibility to the shareholders.
2. The Bank strives to ensure the appropriateness of the business executions and the effectiveness of audits and supervision by measures such as determining management policies and execution of important duties through adequate discussion in the Board of Directors and accurate execution of duties by Directors involved in the execution of business, alongside audits by the Board of Directors, audits by the Audit and Supervisory Committee, and appropriate maintenance and operation of the internal control system based on laws and regulations such as the Companies Act.
3. The Bank is committed to establishing the environment where the rights of shareholders are respected and properly executed, constructive dialogue is made with shareholders, and active disclosure is made for corporate information including non-financial statements, etc., as well as ensuring the real equality of shareholders.

Corporate governance framework

The Bank has adopted the form of a company with an Audit and Supervisory Committee as its organizational design pursuant to the Companies Act.

Since voting rights at the Board of Directors are granted to Directors serving as Audit and Supervisory Committee Members at a company with an Audit and Supervisory Committee, highly effective audit and supervisory system over the Board of Directors and Directors has been secured.

In addition, since a part of the authority of the Board of Directors can be delegated to Directors pursuant to provisions of the Companies Act, prompt management decision-making of the Bank is ensured and matters submitted to the Board of Directors are narrowed down to highly important proposals, leading to discussions at the Board of Directors becoming even more enriched.

Also, to ensure mobility in management decision-making, the Bank has established “Board of Managing Directors,” which comprises eight Executive Directors, including the President, and discusses matters delegated by the Board of Directors.

With regard to items such as risk management, which are important for conducting proper corporate activities, the Bank has established various kinds of committee structures as advisory bodies of the Board of Managing Directors to discuss such items flexibly.
